patients communities and the nursing profession includes real world case studies synthesis questions and reflection tools to support critical thinking and practical policy application written by nationally recognized nurse leaders blending academic expertise with real world policy and advanced practice experience

the work challenges the commonly accepted idea that the european single market needs a harmonized company law as a precondition for its correct functioning on the basis of a law and economics comparison with the american situation the study critically analyzes the two major reasons advanced to justify harmonization the race to the bottom argument and the standardization argument on the basis of the regulatory competition paradigm and concludes that they are basically wrong instead of pursuing harmonization of substantive company law the proposal is to adjust conflict of law rules in favor of the incorporation theory as ruled by the european court of justice in its important *Centros* decision of march 1999 companies should be granted freedom of establishment and free movement among jurisdictions in the european union

there has been a long standing debate on the compatibility of eu competition law with fundamental rights protection particularly as the latter is enshrined in the due process requirements of the european convention on human rights *ECtHR* this book a signal contribution to that debate assesses two questions of paramount concern first whether the current level of fundamental rights protection in cartel enforcement falls within the accepted *ECtHR* standards and second how the often conflicting objectives of effectiveness and adequate protection of fundamental rights could optimally be achieved following a detailed survey of relevant eu institutional substantive and procedural law rules the author offers a set of persuasive normative responses to both questions proceeding from an in depth analysis of the pertinent rights and legal nature of competition proceedings under eu and *ECtHR* law the author goes on to examine such elements of the perceived incompatibility as the following investigatory powers vested in competition authorities the privilege against self incrimination right to privacy fair trial probatory requirements degree of use of presumptions in eu practice article 6 *ECtHR* guarantees pertaining to the presumption of innocence proving coordination of competitive behaviour proving restriction of competition admissibility of evidence before eu courts and the commission assessment of the attribution of liability rules eu fining rules judicial review of cartel decisions by eu courts and national sanctioning rules the author's extraordinarily thorough presentation is rounded off with a remarkably comprehensive bibliography that lists in addition to books and articles newspaper articles eu regulations and directives soft law guidelines and best practices eu and *ECtHR* case law eu advocate general opinions european commission decisions and european ombudsman decisions general conclusions stress the necessity of introducing further reforms to enhance the effectiveness and legitimacy of fundamental rights in the context of competition proceedings few books have taken such a thorough and far reaching approach to the reconciliation of effective public enforcement and fundamental rights or of effective deterrence with the principles of legality non retroactivity presumption of innocence and *ne bis in idem* in the depth of its appraisal of the entire spectrum of enforcement components from a fundamental rights perspective the book is without peers it will be warmly welcomed by any parties interested in the intersection of competition law and human rights

no major business or law firm can afford to disregard the european commission's power in the control of mergers since the council of ministers adopted the ec merger regulation in 1989 the power of the european commission has increased steadily the scope of the merger regulation now occupies a central role in many mergers taking place both inside and outside the

European community to come within the scope of merger regulation and thus within the Commission's jurisdiction a merger must possess a community dimension despite the careful definition of this term in the merger regulation itself the concept has created problems in many cases the European Commission's jurisdiction to scrutinise mergers offers a comprehensive up to date analysis of all aspects of the community dimension concept the most thorough examination of the Commission's jurisdiction to examine mergers under the EC merger regulation the European Commission's jurisdiction to scrutinise mergers serves as a valuable guide for businesses their legal advisors and competition law enforcers in both the Commission and the member states
