provides a process for personal development it suggests answers yet also encourages questions like riding a bike begins by setting a foundation with the key elements of balance motion and vision the book then addresses the basic skills required to find balance and establish a context for growth the reader is led through a process for personal development that includes building on existing skills working variety into life stepping back when necessary and reaching out to others for help when needed the second half of the book further develops the themes from the first half beginning with a section dedicated to meeting challenges chapters in this section address anticipating obstacles facing challenges understanding the price of choices and speaking up for yourself the sec
